
SKATE PARK IN MOSIER, OREGON

MAINSTREET MOSIER

1. SKATE PARK

- The new skaters of New York
- Long lasting memories
- Future of skateboarding

Bringing the Community together

- Engages the community
- Kids deserve a place to go
- Sense of belonging
- Brings life and culture to downtown
- Promotes healthy physical activity

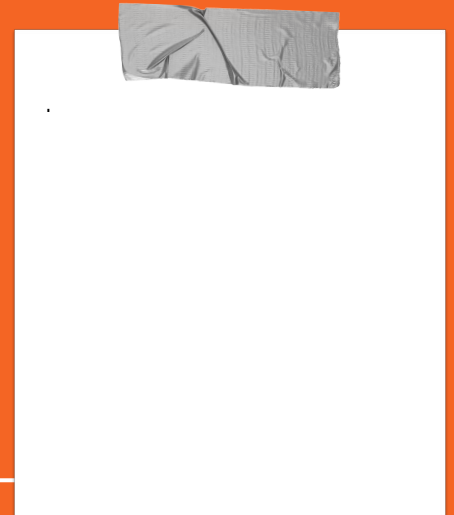

Main Street Mosier /City Partnership Goal:

- MSM is aware of City's project burden/resources.
 - Our goal - Build a skatepark without burdening the City.
 - MSM will do all the fund raising (grants).
 - We organize public workshops.
 - We administer design and construction contracts.
 - We donate the finished park to the City.
 - No impact to Mosier Center project fundraising.
 - What is the City's role?
 - Provide the land for the park.
 - Provide a podium for public participation.
-

Design/build project. Cost

Good skateparks are designed and built by specialty contractors such as Concrete Collective using a design/build process.

The contractor selection process can still be competitive through a Request for Proposals

Cost for skateparks

- \$45 per sq per foot for a park with street and vert features.
